BREEZY BUDGET.

Telling All About Agairs at Brimfield.

(Special Correspondence.)

Brimfield, Sept. 25.—Born—Sunday, Sept. 15, to Mr. and Mrs. D. Stratton, a daughter.

Joseph Meloy and family will move into Mrs. Waldron's house this week. Clyde Essig, of Ravenna, visited his grandmother, Mrs. Anna Essig, the past week.

Mr. Odell, of Shalersville, was the guest of C. H. Chapman, Tuesday.

Mrs. Fred Reed and daughter, Mary, of Mantua, visited her parents, G. W. Bard and wife, the past week.

A number of our township people attended President McKinley's funeral Thursday. Our beautiful flag hung at half-mast, Wednesday and many private residences were draped in mourning.

Mrs. Emeline Waldron entertained Hillyard Waldron, from near Philadelphia, Pa. and Mrs. Sarah Lincoln, of Akron, the past week.

Miss Cora Williams spent the past week with Miss Emma Thurston, at Mogadore.

Miss Ida Hershberger, returned to her home at Akron, Saturday.

Miss Hattie Beane, of Edinburg, is visiting at M. S. Chapman's.

Charles Meloy and family and Miss Aimer Chapman attended the reception given by H. F. Hudson and wife at Rootstown, in honor of their son, Frank, and bride.

Gilford Sapp, of Kansas, and Miss Eliza Shertiff, of Kent, were guests of J. W. Hall and wife, Thursday.

Our schools were closed Thursday, owing to President McKinley's funeral.

Mrs. Mary Wise spent Friday, with her mother, at Talmadge.

Mr. Lipus, of Pennsylvania, is visiting E. J. Glass and wife.

James Swartwouts, of Kent, spent Sunday with his mother.

Mrs. Will Wilt and children, of Kent, are visiting Mrs. Wilt's mother, Mrs. Susan Baughman.

Miss Clara Hershberger, of Akron, is staying with her sister, Mrs. Seymour Boosinger.

Mr. and Mrs. Bowman, and son, of Salem, were guests of E. J. Glass and wife Wednesday.

Seymour Boosinger, lost a good horse, Sunday.

Rev. B. P. White's aged mother is very sick from dysentery.

Friend Jones and wife and B. C. houn and wife, of North Jackson, are guests of S. B. Jones and wife.

Mr. Will Martin and Miss Nellie Waite, of Akron, spent Sunday with Ira Baughman and family.

Eugene Baird was home from Cleveland over Sunday. Clarence Meacham accompanied him back to attend Berkley & Dyke's Business College.

V. S. Porter, spent Sunday at Cleveland.

James LaDu and family and Dr. Walter Dewy and wife, of Cleveland, and Mr. and Mrs. Charles Pike, of Akron, spent Sunday at W. I. Pike's.

Little Raymond Darrach's classmates gave him a surprise party, Thursday, the occasion being his birthday. The little party had a grand time.

About 35 people from here attended the reception at the Hall Saturday night, given by the Class of '90, to the class of '01, Brimfield High School. The following officers were elected by the Alumni: President, H. A. Wertenberger; vice president, Floyd Shannon; secretary, Annie Chapman; treasurer, Wm. Fox.

Horton Boosinger was home from Cleveland over Sunday.

Charles Thrift and wife, of Mogadore, spent Monday with relatives in town. They left Tuesday for a two-week's visit with Mr. Thrift's parents at Huntington, Ind.

David Rhoades is treating his house to a coat of paint and E. J. Glass is painting his barn.

Little Nina Carrier is so far improved as to be able to ride out.

The trustees have purchased a new rope for the flag pole.

Fire was built in the new furnace under the Town hall, Saturday evening. Everything is satisfactory.

AUTOMOBILISTS, BEWARE!

A Disease With a Weird and Mysterious Name Is on Your Trail.

The reckless driving of automobiles has brought to light a danger to fashionable people who indulge in this sport. We have had the bicycle face, and the automobile face; now enters the automobile crank.

A physician, prominent in this city, has under treatment a peculiar form of graphospasm, having many of the symptoms as scrivener's palsy, commonly known as writer's cramp.

The patient in question was never known as a laborious writer, and the physician was a little puzzled when the principle muscles of the forearm, the flexor profundus digitorum, the flexor sublimis digitorum and the thumb muscle, the flexor longus pollicis showed signs of contraction, the covering tissues slightly discolored and many other prominent symptoms of writer's cramp.

Questioning the patient, the doctor brought out the fact of a great deal of automobile driving during the past summer months. The patient told of many hair-breadth escapes from collision and dilated of the strain on the eyes. The physician came to the conclusion that the patient was suffering from a form of muscular paralysis akin to writer's cramp.

Curious as to the discovery, the doctor questioned further. The patient declared that while driving his automobile at a furious rate along an unfrequented road there came upon him a sense of fatigue, of weight and of actual pain in the muscles of the forearm, he was seized with tremor and was no longer able to grasp the steering bar of his machine. Frightened, he shut off the driving power and brought the machine to a standstill. As soon as he released his grasp of the steering apparatus, the pain in his forearm began to abate and finally disappeared, and the fatigue of the body passed off and he left all right in about five minutes.

As soon as he started the machine ahead again, the same weakness returned and the muscular pain became so great that he was forced to stop. This time the muscles took a full half hour to get in normal form. Again he started, and forced to quit. He was towed home by a passing wagon, the pain in the muscles continuing for some hours.

Treatment for graphospasm has been resorted to, and the patient ordered from his automobile for an indefinite season.

The physician gives as his opinion that in driving automobiles at a furious rate, there is present in the mind a sense of impending danger which is an incentive to the forearm muscle to grasp the steering apparatus so tightly that the result ends in a graphospasm. The eyes of automobilists are fixed, when running their machines at a high rate of speed, though not on one object, and accounts for the peculiar set look noticeable in the eyes immediately after ceasing to drive at a high rate of speed. The fear of possible disaster is the direct cause of this, the latest disease, automobilus graphospasm.
